Professional Summary: "UI/UX Designer & Full Stack Developer"

SKILLS

- ❖ **Frontend Development:** HTML, CSS, JavaScript, React, Redux, Responsive Design
- ❖ **UI/UX Design:** Figma, Wireframing, Prototyping, Site Mapping, User Flow
- ❖ **Tools & Technologies:** Git, GitHub, VS Code, Figma
- ❖ **Backend Development:** Node.js, Express.js, MongoDB, My SQL, Web API, Authentication
- ❖ **Soft Skills:** Communication, Collaboration, Problem Solving, Creativity, Time Management

ACADEMIC PROJECTS

- ❖ **Portfolio Website**
Designed and developed a personal portfolio website to showcase my design and development skills. This project focuses on delivering a smooth and interactive user experience.
Technologies: HTML, CSS, JavaScript, Locomotive.js (for smooth scrolling), GSAP (for animations). [Visit](#)
- ❖ **Design And Development Service Website**
Developed a full-stack web application that offers design and development services to users. The website includes a booking system that allows users to easily choose and request services based on their needs.
Technologies: MERN stack (MongoDB, Express.js, React, Node.js). [Visit](#)
- ❖ **Real-Time Chat Application**
Developed a real-time chat application using the MERN stack that allows users to communicate via private messaging, track online users, and maintain user authentication securely.
Technologies: MongoDB, Express.js, React, Node.js, Socket.IO (for real-time communication). [Visit](#)

Training/Internships

- ❖ **Web Development Intern | InternPe** *(feb-2024 to june-2024)*
During my web development internship, I gained hands-on experience in building responsive websites using HTML, CSS, and JavaScript. I developed dynamic applications with React, implemented RESTful APIs using Node.js and Express.js, and worked with MongoDB for data management.

Certifications

- ❖ **Google Ux Specialization | Coursera**
- ❖ Foundations of UX Design
- ❖ Start the UX Design Process: Empathize, Define, and Ideate
- ❖ Conduct UX Research and Test Early Concepts
- ❖ Build Wireframes and Low-Fidelity Prototypes
- ❖ Create High-Fidelity Designs and Prototypes in Figma

Interest: UI Design, Ux design, Product Management | **Language:** English, Hindi, Marathi

Education

People's Education Society's College Of Engineering, Chh Sambhaji Nagar (2020-2024)

BTech-Computer Science And Engineering.
